

Meet Your Doctor, *Aqib Mudassar, DDS*

Ideal Smile DENTISTRY

The Artistic Ideal, Naturally

Dr. Mudassar graduated from dental school in 1997. He has been practicing dentistry since then with a passion to deliver the highest quality dentistry available. His treatment includes a strong emphasis on getting rid of oral infection to keep gums and teeth healthy.

Dr. Mudassar is passionate about keeping up with the latest technological advances in dentistry. To stay on top in his field, he has completed hundreds of hours of postgraduate dental education, studying with the best dentists in the world. He has also gone through extensive training for cosmetic dentistry along with Invisalign® training. He believes in natural looking smiles and takes the time necessary to design smiles for his patients and then creates those smiles with help of the best dental laboratory.

Dr. Mudassar's creation of a natural, beautiful smile can dramatically change the overall image and appearance of his patients and the results are amazing!

"For a long time, I have wanted to have my teeth fixed using the Invisalign method. After visiting Dr. Aqib Mudassar's office, I was able to discuss this issue with him. He carefully explained how Invisalign works and created a treatment plan to correct problems with my teeth. When I advised my husband about this, he was skeptical. He believed it would cost too much with very little results. My husband and I finally agreed to give this a try and told Dr. Mudassar to go ahead with the Invisalign treatment plan for both of us. Upon completing the treatment plan, I was really amazed at the results. I was equally pleased with the results for my husband. Both of us had a dramatic change in the appearance of our teeth and better smiles. Dr. Mudassar is a gentle dentist who is kind and caring. His staff is very friendly and compassionate. I would highly recommend Invisalign for your teeth and Dr. Mudassar for all your dental needs." - Karen
