My office visit and the work performed were the best. The advice given by the Dr. was easy to understand and several suggestions were made.
Dr. Brown is a very good and understanding dentist.

At Dr. Louis Browns office they always treat with the best costumer service and make you feel comfortable. Everyone is very kind and sweet and they all take their time to make sure you get what you need. Dr. Brown is very knowledgable about his work and does a terrific job. I enjoy comming to this dentist office and never dread it like most people do when they have to go to the dentist. I highly recommend Dr. Brown.

Dr. Brown, Elaine, and Pat (as always) were extremely mindful of my comfort and needs. The temps look very nice. I can hardly wait for the perms to come in. If they look anything like the last ones (which were 22 years old), I'll be a very happy camper!
